PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering undergraduate with strong foundational expertise in Python development, web frameworks, and applied machine learning. Proven success in developing end-to-end full-stack web applications and implementing predictive models for automated financial transaction analysis. Passionate about software engineering, data-driven applications, and building scalable, user-centric software solutions.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering	Hassan, Karnataka
Government Engineering College Mosalehosahalli	Expected Graduation: 2027 CGPA: 6.73
Class XII (KSEAB)	70.5%
Class X (KSEEB)	80.64%

TECHNICAL SKILLS

Programming Languages: Python, C, HTML5, CSS3, JavaScript

Web Frameworks & APIs: Flask, RESTful APIs

Machine Learning & Data: Pandas, NumPy, Random Forest, SMOTE, Chart.js

Databases: MySQL, SQLite

Tools & Environments: Git, GitHub, Jupyter Notebook, Windows

Core Concepts: Data Structure and Algorithm, Object-Oriented Programming, Machine Learning

PROJECTS

Transaction Analysis Web Application *Python, Flask, Machine Learning, SQLite*

- Developed a web-based system to automate the detection of fraudulent and suspicious financial transactions, significantly reducing manual monitoring overhead and processing time.
- Implemented an end-to-end machine learning pipeline using Random Forest and SMOTE with Pandas and NumPy to address class imbalance and accurately classify transactions as Genuine, Suspicious, or Fraudulent.
- Engineered a robust backend infrastructure with Flask REST APIs and integrated SQLite database storage to securely persist user transaction histories and risk logs.
- Designed an interactive analytics dashboard with HTML, CSS, JavaScript, and Chart.js to visualize fraud probability scores, real-time risk metrics, and historical transaction trends.

RELEVANT COURSEWORK

Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Machine Learning

ADDITIONAL INFORMATION

- Soft Skill :** Problem Solving, Team Collaboration, Communication
- Language :** English, Kannada, Hindi
